

STATEMENT OF CANDIDATE FOR
MEMBER, CITY COUNCIL
City of Sausalito

VICKI NICHOLS

Occupation: Retired Personal Assistant

In this time of pandemic and economic uncertainty, it is crucial to have someone with a history of involvement in our community as a councilmember. I believe my experience as Chair of the Planning Commission, Sausalito Historical Landmarks Commissioner and Sausalito Historical Society Director gives me unique insight into the issues facing Sausalito. Through years of this service, I have learned to review issues thoroughly, listen to community concerns carefully and take decisive action. Living here for 39 years, I am committed to protecting Sausalito's rich history, maritime heritage and economics while fostering diversity as we plan for the future. My corporate budget experience will allow me to keep close track of our financial health without compromising public safety. The COVID epidemic shows that we need diligence and intelligent planning more than ever. We have many challenges, including sustaining a thriving economy, keeping our community safe and preparing for changing environmental conditions. Collaborative countywide planning for Sea Level Rise will be a major factor going forward. We must work as a community to balance future needs and quality of life for all. I pledge to do just that. I respectfully ask for your vote.
